## IDEATION

DHANUJA V

Make direct connections between students and universities to avoid intermediaries

Connection with Alumni or students who are currently enrolled in the college

Provide references from trustable third party websites for a universities

Admission criteria for person with Disorders(PwD)

GOMATHI G

Prevent applicants from creating multiple user profiles to avoid data duplication and inconsistencies

Verify genuineness of the applicant to avoid any false applications

Apart from eligibility criteria make a comparison between multiple universities in the applicants preference list based on the entire fees for a particular stream/course. This will help the applicants to save a lot of money in the admission process

Collect and store all universities admission criteria to access from one place

KEERTHANA R

Government should provide a portal with all universities eligibility requirements listed and organised so that students can use them

Always look for university information and compare it to better understand how to choose a university

Students who applied to a university but were turned down should be informed, and if the university set is not filled, they should be given the opportunity

The top college is determined by many factors than just an institution's rating. It could not be a favourable environment for you, therefore researching the institution would be good

Manisha M

Provide guidance should be provided to the students according to their marks and other details

Colleges where we can explore our skills

Reputations Vs performance analysis in choosing a stream

Consistent data collection
