can i expect a good college?

I dont posses a good scores or mark

I am aiming to get my dream college or university

Is my cutoff or scores enough?

frustrated

based on inputs and considering the criteria of the colleges, enlisting the eligible colleges through prediction

Think

excited

depression

feel

do

take marks scored as inputs

choose best college among the predicted colleges

say

anxious

I want better options other than this college

have backup colleges as second options

what are the creteria and eligiblity to should i need to have to get into my dream college

I want to enlist top 50 colleges in states

I want better options

Pain:
- frustrated about getting into dream college.
- anxious about non eligible cutoff.
- Nervous to get good college.
- awareness about good colleges in states.

Gain:
- enlists top good colleges/universities in states.
- awareness about knowing good colleges.
- knowing more about eligibility criteria of a college.
- preferences based on cut offs or scores obtained.
